# **ADDITIONAL LEARNING NEEDS**

## **ALN Aims of the School**

- To ensure the identification of all learners with additional learning needs (ALN), as early as possible in their school career.
- To provide access to a broad and balanced curriculum and ensure learners with ALN are appropriately supported with additional learning provision (ALP) that enables them to achieve their full potential.
- That learners with ALN benefit from inclusion in all areas of school life and equality of opportunity.
- That learners with ALN, their parents or carers, are involved in the decisions affecting their educational provision and kept informed of progress.
- To work effectively with outside agencies and professionals in the planning of, and delivery of ALP.
- To raise staff awareness and expertise in matters relating to ALN.

## **Definition of additional learning needs (ALN)**

- (1) A person has additional learning needs if he or she has a learning difficulty or disability (whether the learning difficulty or disability arises from a medical condition or otherwise) which calls for additional learning provision.
- (2) A child of compulsory school age or person over that age has a learning difficulty or disability if he or she:
  - (a) has a significantly greater difficulty in learning than the majority of others of the same age, or
  - (b) has a disability for the purposes of the Equality Act 2010 (c.15) which prevents or hinders him or her from making use of facilities for education or training of a kind generally provided for others of the same age in mainstream maintained schools or mainstream institutions in the further education sector.
- (3) A child under compulsory school age has a learning difficulty or disability if he or she is or would be if no additional learning provision were made, likely to be within subsection (2) when of compulsory school age.

(4) A person does not have a learning difficulty solely because the language (or form of language) in which he or she is or will be taught is difficult from a language (or form of language) which is or has been used at home.

### **Definition of additional learning provision (ALP)**

(1) 'Additional learning provision' for a person aged three or over means educational or training provision that is additional to, or different from, that made generally for others of the same age in -

- (a) mainstream maintained schools in Wales,
- (b) mainstream institutions in the further education sector in Wales
- (c) places in Wales at which nursery education is provided

(2) 'Additional learning provision' for a child aged under three means educational provision of any kind.

(3) 'Nursery education' means education suitable for a child who has attained the age of three but is under compulsory school age.

### **Legislative Framework**

This Additional Learning Needs Policy is governed and informed by the statutory framework set out in:

- The Education Act 1996
- The ALN code of practice 2001
- The Education Act 2002
- The Education and Inspection Act 2006
- The Education and Skills Act 2006
- The Equality Act 2010
- Additional Learning Needs and Education Tribunal (Wales) Act 2021

### **Implementation of the ALN Act**

From September 2021, ALN legislation has been used to support all students newly identified as having an additional learning need which calls for additional learning provision.

Both the ALN System and Curriculum for Wales are designed to deliver an inclusive and equitable education system in Wales. The Curriculum for Wales seeks to allow for a broadening of learning,

ensuring that all learners with additional learning needs are supported to overcome barriers to learning and achieve their full potential.

Identification and monitoring of a student with additional learning needs is carried out through the assessment processes established at the school.

Teachers are involved in the on-going assessment of students needs and progress to determine need; monitoring and tracking systems support the identification of any progress concerns and the requirement for further assessment,

Students are assessed according to concerns regarding learning, physical/medical/sensory conditions, social, emotional, and behavioural problems and communication and interaction.

The following are used in determining a student's level of need:

- Standardised assessments
- Teacher assessment data
- Diagnostic testing assessments by intervention staff, ALNCo and outside agencies
- Behaviour logs
- Transition information from previous setting/school
- Information provided from external professionals
- Reference to previous concerns or discussions with parents

The assessment and wellbeing systems collate data on students that provide teachers, parents and most importantly the learner with clear information to inform their learning. This data is used in the tracking and monitoring of learner progress and to determine their learning requirements.

## **Roles and Responsibilities**

Meeting the needs of learners with ALN will be a whole school approach. All staff in the school will ensure that is embedded within the normal school curriculum and provision. The primary responsibility for provision lies with the teacher who, using the information from the IDP, one-page profiles and intervention planning, will deliver and assess achievement and progress according to the needs of the pupil.

## **Governing Body:**

The Governor responsible for Additional Learning Needs at Coedpenmaen Primary School is Mr Matthew McCabe.

- Liaise with teaching staff to gather appropriate information and updates on pupils with additional learning needs (including documentation for annual reviews in accordance with statutory timescales).

### Support Agencies:

- Various external support agencies, including speech therapists, physiotherapists, occupational therapists, educational psychologists, sensory impairment specialists, literacy and numeracy basic skills staff and medical staff will support and guide staff in providing appropriately for pupils in their assessment, lesson planning, methods, strategies and delivery styles.
- They may, if necessary, to the success of the pupil, withdraw pupils for one to one or small group sessions where this can be shown to improve access to and achievement in the full curriculum entitlement.
- All agencies supporting an individual are invited to attend and contribute to the person-centred review meeting held each year.

### ALN Register

All learners identified as having ALN are recorded on the School's ALN Register and provision map, maintained by the ALNCo. In addition, learners who are being monitored for different concerns are recorded on a school 'monitoring list'.

### ALN Identification

In accordance with The Additional Learning Needs and Educational Tribunal Act (ALNET 2018), if a concern is raised by a child, parent, carer or the school, that a pupil may have ALN, it will trigger a process with a timeframe set out by Welsh Government. A PCP Meeting will be organised by the School where all stakeholders will discuss the needs of the child and discuss if the child has additional learning needs. If the decision is Yes, an Individual Development Plan (IDP), highlighting the child's area(s) of need and a description of the Additional Learning Provision (ALP) will be provided. If the decision is NO, the school will explain how the child will continue to be supported at school and parents/carers will be informed of their right to appeal and signposted to advocacy services.

### Specific Additional Learning Provision (ALP) and Individual Development Plan (IDP)

Additional Learning Provision (ALP) is additional to and/or different from Universal Provision for those pupils identified as having ALN. ALP differs from the support available to all pupils in its frequency and intensity. It may involve specific strategies, adult led interventions and specialised equipment as

*'Together we care, Together we learn, Together we achieve.'*

*'Gyda'n gilydd rydym yn gofalu, dysgu a chyflawni'*

necessary. When the needs of a pupil are complex a multi-disciplinary approach may be required to help maximise pupil progress and develop ALP provided by the school.

Individual Development Plans (or existing Statememts) are statutory documents created to demonstrate need and identify targeted provision needed to help the pupil make progress. Individual Development Plan is established with agencies, parents, the pupil, and school staff. In all cases of an IDP, a review meeting will be held at least annually, and all stakeholders invited to contribute.

### Universal Provision

Universal provision allows for differentiation of the curriculum in class, in small groups or at an individual level. This provision includes wellbeing support that promotes positive emotional health and wellbeing for all. Pupils who require differentiation of work or a specific intervention e.g. Precision Teaching, Language Link, Cumbria Reading, Literacy Launch Pad are not necessarily identified as having ALN, nor do they need to be identified as having ALN in order to access the support.

### Monitoring and Evaluating

The success of the school's Additional Learning Needs Policy and Additional Learning Provision is evaluated through:

- Analysis of pupil tracking data and test results
- Monitoring of procedures and practice by the Senior Leadership Team
- Reviewing OPPs and IDP outcomes.
- School self-evaluation, using a variety of approaches, including a self-evaluation of ALN and an action plan that relates to the School Development Plan (SDP)
- Review of delegated spend
- ALNCo reports to Governors in termly meetings
- Effectiveness of the school provision map
- Additional Learning Needs moderation process
- School Development Plan
